PREPPING AIRLITE™ PLATE CARRIER

1. Locate chest rig attaching slots on front of AirLite™ plate carrier at top left and right corners.

2. Pass loops through slots.

3. Disconnect female ends of field expedient buckles from the chest rig.

4. Connect buckles to loops.

ATTACHING CHEST RIG TO AIRLITE™ PLATE CARRIER

1. Unweave vertical straps from lower bar of tri-glide.

2. Attach chest rig hardware to plate carrier hardware and adjust to desired height.

3. Pass straps back through tri-glide and slide up towards plastic buckle to secure adjustment. Ensure that ends of each strap match so that the chest rig is even.

4. Stow running ends in pass-through channel.

To continue attaching to EK01 & EK03, see page 3.

To continue attaching to EK02 & EK04, see page 4.

ATTACHING CHEST RIG TO EK01 & EK03

1. Detach chest rig from front of carrier.

2. Flip carrier and chest rig over. Locate plate bungee on back of chest rig and stretch up and over plate carrier so that the chest rig 'grabs' onto the plate carrier.

3. Remove side plate bungee and toggle located on both sides of the chest rig.

4. Flip carrier over and reattach buckles. Adjust position of plate bungee as needed so the chest rig fits snugly against the plate carrier with no slack.

ATTACHING CHEST RIG TO EK02 & EK04

1. Flip chest rig over and remove plate bungee (if disconnecting chest rig from plate carrier for this step, reattach buckles of chest rig before proceeding).

2. With carrier laying front face up, locate the side plate bungee and toggle located at the top and bottom edges (respectively) of each side of the chest rig.

3. Stretch side plate bungee behind and around the side plate pocket towards toggle and hook bungee with toggle.

4. Repeat for other side. Completed installation shown.

ATTACHING MOLLE POUCHES AND ACCESSORIES TO CHEST RIG

The AirLite™ Chest Rig provides three rows of MOLLE-compatible mounting area. Attaching MOLLE pouches and accessories to the chest rig is identical to that of traditional MOLLE systems. An example of how a mag pouch is attached to the AirLite™ Chest Rig is shown above.

DONNING AND ADJUSTING CHEST RIG

Wrap strap (1) back over rear plate carrier and attach to buckle (2). Adjust size by changing slack (3) and stow excess.

ABOUT US

WARRANTY

If a defect in materials or workmanship is found in any of our products, we will repair or replace it, free of charge, for the lifetime of the product. This excludes normal wear and tear. Be aware that the customer is responsible

for any and all return shipping charges.

This applies to the original purchaser and is nontransferable.

BODY ARMOR

It is against Federal Law for a person convicted of a violent felony to purchase or possess body armor. In addition, various states also have laws restricting the purchase or possession of body armor by persons convicted of certain felonies, other crimes of violence, or drug crimes. By purchasing body armor, you acknowledge and certify that (i) you have no felony convictions, (ii) you have not been convicted of any other crime that would restrict your ability to purchase or possess body armor under any Federal or State law, (iii) you do not intend to use the body armor for any criminal purpose and (iv) you are over 18 years old. Crye Precision reserves the right, in its sole discretion, to refuse to sell body armor to any person. Additionally, the sale of body armor to residents of Connecticut is restricted to

in-person sales, unless the sale is made to certain law enforcement or military personnel.

We require that all orders of body armor be accompanied by a government issued photo identification.
