INTRODUCTION

The **EXP 1500™ PACK** is a low-profile day pack that can be expanded to add 500 cubic inches of volume. It can also extend to carry items up to 27" long. The **EXP 1500™** is ideal for users needing versatility and flexibility in what they carry day to day, mission to mission. Designed to have a civilian appearance and no outwardly glaring military design features, the **EXP 1500™** pack blends in well to urban environments while stowing tactical items internally.

FEATURES

- Sideways opening main compartment
- Briefcase style side handle
- Internal mesh pockets act as separator between the front compartment and the main compartment
- Top access for laptop storage (12.25" W: 19.75")
- Removable sternum strap
- Electronics pocket fits medium to small-sized tablets (H: 11" W: 8")
- Removable frame sheet
- Internal PALS webbing, lining inside wall
- Allows **EXP PACK MOLLE INSERT** for attaching pouches and gear straps

SPECS

H: 18.75" (27.75" Extended)

W: 12.5"

D: 7.25" (11" Expanded)

Expandable:

- Collapsed – 1000 cu in (17L)
- Expanded – 1500 cu in (25L)
- Extended – 2100 cu in (34L)

- ② BRIEFCASE STYLE HANDLE
- ③ MESH POCKET SEPARATOR
- ④ PALS WEBBING
- ⑤ FRAME SHEET
- ⑥ STERNUM STRAP
- ⑦ EXP PACK MOLLE INSERT (SOLD SEPARATELY)

OPERATOR INSTRUCTIONS

EXPANDING THE PACK

1

Locate the exterior sliders shown in the image to the left.

2

Separate the sliders until each one is all the way up the left and right sides, and hidden in their covers.

3

The expansion uses locking sliders, so you may partially zip for various load requirements.

Expanded EXP 1500™ PACK.

STOWING THE EXTENSION

Reverse the extension so the curved zipper is unobstructed.

Flatten the extension as much as possible.

Stow the extension behind laptop shelf.

Close zipper to the right, while removing excess wrinkles and folds created in the fabric.

EXTENDING THE PACK

Locate the single slider on the bottom right corner of the expansion.

Unzip all the way to the bottom left corner and pull the extension out from the inside.

COLLAPSING THE PACK

Pull the sliders toward each other, while folding the expansion inward.

Continue closing until the sliders meet. To prevent excessive wear to the sliders store them towards the side of the pack rather than the bottom.

SIDE WALL MOLLE

The interior side walls of the pack have a series of attaching webbing that allows you to secure radio pouches, magazine pouches, or frag pouches.

On both sides at the top, there are two straps, which are ideal for strobe pouches and other short pouches. Below them are three straps, which are ideal for taller pouches such as magazine pouches.

Span the gap between the two sets of straps for even taller pouches such as radio pouches.

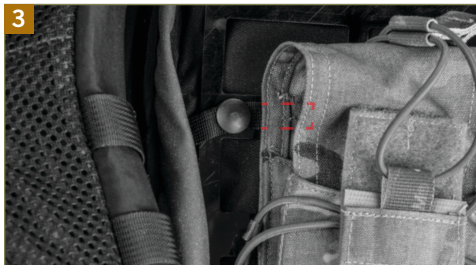

INSTALLING MOLLE PANEL INSERT (SOLD SEPARATELY)

The **EXP 1500™ PACK** allows the use of the **EXP PACK MOLLE INSERT**, which can be connected via six snap attachment points on the perimeter of the main compartment. For ease of use, attach pouches to the insert before securing it within the pack.

With pouches already secured to the insert, center Insert on the back wall of the pack and secure the snaps.

Ensure that all snap straps are tucked behind the pouches.

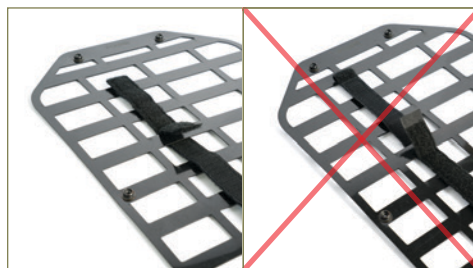

You can also use the insert to stabilize your weapon by utilizing the gear straps included with the insert. Place the weapon at desired location and position and find corresponding bar on the insert that the gear strap will attach to.

Ensure both ends are free to wrap around the weapon.

Peel open VELCRO® tab on the gear strap. Pass long end of the strap through opening until the opened tab hits the bar and secure in place.

Note: For a vertical install, be sure that the VELCRO® tab secures toward the bottom of the frame, otherwise the weight of the item may disengage the tab. For a horizontal install, the direction of the VELCRO® tab is decided by the desired way to release the gear strap.

ATTACHING STERNUM STRAP

Don the pack with a reasonable load and determine the desired stow location for the sternum strap.

Route the short webbing end underneath the stow, so that the snap is located outboard of the stow webbing.

Pass the long webbing end behind shoulder pad.

Secure the snap and tuck the end of the webbing under the stow webbing.

Fully attached and connected sternum strap.

FRAME SHEET REMOVAL/INSTALL

Open the laptop compartment and locate the frame sheet sleeve.

Open the sleeve and free top portion of the frame. Secure the top of frame and begin pulling the frame out through the opening.

When the frame width begins to resist against the opening, lay the pack on its side and bow the frame slightly against the floor, being careful not to bend the aluminum stay channel sewn into the frame sheet. Continue pulling the frame out until it's free.

To re-install, be sure that the aluminum stay channel is oriented away from wearers back. Place a bottom corner of the frame into the opening and rotate the frame in.

When the other corner reaches opening, bow the frame slightly until the frame is partially inserted.

Push the frame back in, secure the top in the pocket and secure the VELCRO®.

NOTES

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slight shadow on the right side, suggesting it's resting on a surface.

ABOUT US

Crye Precision designs and manufactures truly innovative equipment for America's fighting forces. We are proud and honored to serve our customers' needs. We spend as much time as we can with users, continuously incorporating their experience and feedback into the gear. We give them our full support and are indebted to them for their service and their sacrifice. We make uncompromising gear for uncompromising individuals. We work hard to provide smart, high-performance, long-wearing gear for people who demand the best. We make all of our gear in America from American materials. Every item is designed to help you perform better.

WARRANTY

If a defect in materials or workmanship is found in any of our products, we will repair or replace it, free of charge, for the lifetime of the product. This excludes normal wear and tear. Be aware that the customer is responsible for any and all return shipping charges. This applies to the original purchaser and is nontransferable.

BODY ARMOR

It is against Federal Law for a person convicted of a violent felony to purchase or possess body armor. In addition, various states also have laws restricting the purchase or possession of body armor by persons convicted of certain felonies, other crimes of violence, or drug crimes. By purchasing body armor, you acknowledge and certify that (i) you have no felony convictions, (ii) you have not been convicted of any other crime that would restrict your ability to purchase or possess body armor under any Federal or State law, (iii) you do not intend to use the body armor for any criminal purpose and (iv) you are over 18 years old. Crye Precision reserves the right, in its sole discretion, to refuse to sell body armor to any person. Additionally, the sale of body armor to residents of Connecticut is restricted to in-person sales, unless the sale is made to certain law enforcement or military personnel. We require that all orders of body armor be accompanied by a government issued photo identification.
